About Course

In view of making the common public aware of the ways to lead a healthy living, Indian Accutouch Medical Institute (IAMI) is conducting periodically Two Day sessions of Health Awareness Programs on "Acupuncture, the Life Science and Nature Cure – the Drugless Therapy in the States of Tamil Nadu, Karnataka, Andhra Pradesh and Kerala. The program is aimed to help them in self-healing as well as healing one's near and dear. The principal motto of organizing these programs is to create a Disease Free and Drugless Healthy Society by imparting knowledge to the public about leading a disease free life by following the Drugless Therapy, i.e., Acupuncture science.

We have been conducting the two-day classes in all major cities upon the enthusiastic requests from the people and also at the schools and colleges to create health awareness among the students.

To conduct the 2 Day Program in your locality / your groups / campus,
